

HIMALAYAN SALT

Himalayan salt is rock salt mined from the ancient himalayan mountains in Punjab region of Pakistan. The salt, which often has a pinkish tint due to high minerals is primarily used as a food additive to replace refined table salt, but is also used for cooking, food presentation, decorative lamps and spa treatments. Its licks are a superb source of all the essential minerals and trace elements that your horses/livestock/cattle need on a day to day basis.

8 Benefits of a Himalayan Salt Lamp

1. Helps with Allergies and Asthma
2. Deodorize Your Home
3. Stop Coughs
4. Reduce Electromagnetic Radiation
5. Increased Energy
6. Better Quality Sleep
7. Enhances Concentration
8. Environment Friendly
